3) The works proposed to be taken up are not at all very costly they are all to be carried out under the very presence of the municipal Engineer the sub-ordinate written the Compound of the three offices only. There does not appear to be any particular reason to continue the establishment for the mere sake of such small works, the cost of which would increase on account of the establishment, which would have to be debited to the estimate for such works. For orders Hereby because there is an establishment, it is proposed to be retained Lawley 28/7/43
